Agenda

Planning Commission

Wednesday, January 8, 2020

7:00 PM

City Hall

The City Hall is accessible for persons with disabilities. Special equipment to assist the hearing impaired is also available. Please contact the City Executive Offices at 360.442.5004 48 hours in advance if you require special accommodations to attend the meeting.

1. **ROLL CALL**

Introduction of new Planning Commission Member and review of Planning Commission roles and procedures

2. **WORKSHOP ITEMS**

19-000524 MICRO BREWERIES/MICRO WINERIES/DISTILLING

- Review application for a zone text amendment to permit "Brewpub only in conjunction with a full-serve sit-down restaurant" in the Light Industrial A & B zones.
- Review draft language to allow distilling/distilleries in the commercial and industrial zones.
- Review existing zones where micro- breweries, wineries and brewpubs are permitted, not permitted or only allowed as a special property use.

- 19-000525 COMPLETE STREETS-** Staff will provide a report on a new complete streets ordinance and the implications for developments and the zoning code going forward.

"The purpose of this chapter is to ensure that planning for all users is included during planning, design, construction, maintenance, and replacement of all city transportation projects and plans. The city recognizes that complete streets will increase the health and safety of residents, improve economic vitality, and improve connectivity for all modes of transportation within the city.

Complete streets focuses not on just changing individual streets, but on empowering the decision-making process so that all users are routinely considered during the scoping, planning, designing, building, and operation of all transportation network facilities. Implementation of complete streets will increase transportation system access for all users. (Ord. 3413 § 2, 2019).

3. **PLANNER'S REPORT**
4. **ADJOURNMENT**

Zoning Ordinance Text Amendment Application

Community Development Department ♦ 1525 Broadway, P.O. Box 128 ♦ Longview, WA 98632 ♦ 360.442.5086 Fax 360.442.5953

Petition to Amend the Text of the Longview Zoning Ordinance LMC 19.81 Case Number: Related Case Number:	THIS SECTION FOR OFFICE USE ONLY: City of Longview DEC 23 2019 Community Development
Application is hereby made to the Longview Planning Commission for a Zoning Ordinance Text Amendment pursuant to Section 19.81.010 of the Longview Municipal Code. The following required information must be furnished and filing fee paid before this application will be accepted by the City of Longview for a public hearing before the Longview Planning Commission.	
Applicant: Brett Bates Phone: 360 957 4789 Mailing Address: 185 Brodie Ln Fax: N/A (Street or PO Box) City: Longview Email: Brett@batesmech.com State: WA @ Zip: 98632	
Section(s) for which amendment(s) is/are proposed: Table 19.58.020-1 Brew Pub only in conjunction with a full rest service sit down restaurant	
State exactly how you feel the section(s) should read, incorporating your amendment(s): See Attached (Attach additional sheets, if necessary)	

State your reason(s) for requesting the zoning ordinance text amendment(s):

see attached

NOTES TO APPLICANT/OWNER:

1. If the City Council, Planning Commission or City Staff determine that additional and/or revised information is needed, and/or if other unforeseen circumstances arise, any dates outlined for processing the application may be rescheduled by the City.
2. All items shall be completed as determined by the Community Development Department prior to the application being deemed complete for processing.
3. All costs incurred by the City in reviewing this application shall be paid prior to any public hearings.
4. The applicant or authorized representative must attend the Planning Commission and City Council public hearings.

Comments:

SIGNATURES:

I/we understand that if it is determined the application is not complete, the City shall immediately reject the application and identify in writing what is needed to make the application complete for a public hearing. No public hearings will be scheduled on this application until all outstanding issues have been resolved and the application is considered complete.

The information provided is "said to be true under penalty of perjury by the Laws of the State of Washington."

Document: Zoning Ordinance Text Amendment Application

Section: Table 19.58.020-1 Brew Pub only in conjunction with a full service sit down restaurant

State exactly how you feel the section should read, incorporating your amendment:

I feel Table 19.58.020-1 section Brew Pub only in conjunction with a full service sit down restaurant should be permitted in a LI-A zone. The reasons I feel this way are as follows

-Breweries require high ceiling elevations for tanks, mash tons, grain silos etc. These high ceiling requirements are most commonly found in LI-A zoning and rarely in Commercial zoning areas.

-The C/I zoning areas available in Longview that fit this type of business are far and few between and limiting opportunity for new businesses of this type to locate to Longview.

-Brewpubs are 50% manufacturing which fits more of a LI-A type Zoning with uses of forklifts and deliveries from large trucks and also large vehicles necessary for distribution.

- Brew Pub only in conjunction with a full service sit down restaurant is a very narrow permitted use and very specific identification and does not open a door to a plethora of uses under that section and will not undermine the permitted uses in the LI-A Zone

-Through SEPA docs we have found as relates to permitting Brew Pub only in conjunction with a full service sit down restaurant little impact on traffic and zero on community, health, traffic, environment, hazardous, parks, neighboring businesses. On the contrary businesses opportunity and employment opportunity with citizens and growth within City. Permitting Brew Pubs in the LI/A-B is unlikely to impact traffic, health or safety.

- Brew Pub only in conjunction with a full service sit down restaurant is already permitted in a C/I zoning which is closely relative to the LI-A zoning areas which I feel should also have this as a permitted use.

-LI-A zoning is already permitted for light manufacturing, warehousing including cold storage, wholesale distribution, wholesale trade of non durable goods, industrial and commercial machinery, parcel delivery, feed and seed storage, offices, manufacturing and fabrication with significant operations in an unenclosed area, Brewery and microbrewery. All coupled together is every facet of a Brew Pub only in conjunction with a full service sit down restaurant and I feel should be permitted within a LI-A zoning.

City of Longview
Community Development

DEC 23 2019

SEPA ENVIRONMENTAL CHECKLIST

Community Development

Purpose of checklist:

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

Instructions for applicants: [\[help\]](#)

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. You may use "not applicable" or "does not apply" only when you can explain why it does not apply and not when the answer is unknown. You may also attach or incorporate by reference additional studies reports. Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.

The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

Instructions for Lead Agencies:

Please adjust the format of this template as needed. Additional information may be necessary to evaluate the existing environment, all interrelated aspects of the proposal and an analysis of adverse impacts. The checklist is considered the first but not necessarily the only source of information needed to make an adequate threshold determination. Once a threshold determination is made, the lead agency is responsible for the completeness and accuracy of the checklist and other supporting documents.

Use of checklist for nonproject proposals: [\[help\]](#)

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B plus the [SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS \(part D\)](#). Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in Part B - Environmental Elements –that do not contribute meaningfully to the analysis of the proposal.

Notes to Applicants:

This application is to amend the text of the Longview Zoning Ordinance [Title 19 of the Longview Municipal Code]. This form must be completely filled out and submitted along with any necessary supporting information.

Upon receipt of the completed form, supporting information and filing fee, the Community Development Department staff will determine the completeness of the application. This review will be completed as soon as possible, typically within fifteen (15) working days from the submittal of the application. If the application is determined to be complete, the City will begin environmental review under the SEPA Rules [WAC 197-11] and then bring the application forward to the Planning Commission to be set for a public hearing on a future Planning Commission agenda.

If sufficient information has not been submitted to adequately process your application, you will receive a notice of incomplete application letter with instructions on how to complete the application. Upon receipt of that additional information or a revised application, the fifteen (15) working day review period for completeness will begin again.

The Longview Planning Commission sets its own public hearing agenda. Once your application is considered complete, Community Development Department staff will bring it to the Planning Commission at their next regularly scheduled meeting and request that they set it for a public hearing on a future agenda. Typically, the Planning Commission will set the item for a public hearing on their next regular meeting agenda. The Planning Commission meets once each month, on the first Wednesday of each month.

Approximately seven (7) calendar days prior to the Planning Commission meeting, the Community Development Department will provide a report to the applicant, the Planning Commission, and others involved with the project. This report will be based on the information contained within your application, comments from other agencies or departments, and an analysis of your application by Community Development Department staff. The report will usually contain a recommendation for approval, conditional approval, or denial.

The recommendation made by the Planning Commission will be forwarded to the City Council. The City Council will review and take action on your application within ninety (90) days of the Planning Commission hearing. Community Development Department staff will inform you when your application will be scheduled for Council review and action at the conclusion of the Planning Commission hearing. The Council will review your application a minimum of two (2) times. The first review is to consider accepting the recommendation forwarded by the Planning Commission. If this recommendation is accepted, they will direct the City Attorney to prepare an ordinance. This ordinance will be brought forward at the next Council meeting for review and action. Unless passed with an emergency clause, ordinances become effective 30 days after adoption by Council.

Since the information contained in your application is used to evaluate the project and in the preparation of the staff report, it is important that you provide complete and accurate data. Failure to provide adequate information could significantly delay the processing of your application.

Applicants and/or their representatives must attend all public hearings scheduled on this application.

If you have any questions, please contact the Community Development Department at (360) 442-5086. We will be happy to assist you in any way we can.

A. background [\[help\]](#)

1. Name of proposed project, if applicable: [\[help\]](#)

2. Name of applicant: [\[help\]](#)

Brett Bates (White River LLC)

3. Address and phone number of applicant and contact person: [\[help\]](#)

185 Brodie Ln Longview WA (360) 957 4789 Brett Bates

4. Date checklist prepared: [\[help\]](#)

12/11/2019

5. Agency requesting checklist: [\[help\]](#)

City of Longview

6. Proposed timing or schedule (including phasing, if applicable): [\[help\]](#)

N/A

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain. [\[help\]](#)

N/A

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal. [\[help\]](#)

N/A

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain. [\[help\]](#)

N/A

10. List any government approvals or permits that will be needed for your proposal, if known. [\[help\]](#)

Zoning Ordinance Text Amendment

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.) [\[help\]](#)

Change in Zoning Ordinance involving Table 19.58.020-1

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist. [\[help\]](#)

City of Longview WA Light Industrial area

B. ENVIRONMENTAL ELEMENTS [\[help\]](#)

1. Earth

a. General description of the site [\[help\]](#)

(circle one): Flat, rolling, hilly, steep slopes, mountainous,
other _____

N/A

b. What is the steepest slope on the site (approximate percent slope)? [\[help\]](#)

N/A

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils. [\[help\]](#)

N/A

d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe. [\[help\]](#)

N/A

e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill. [\[help\]](#)

N/A

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe. [\[help\]](#)

N/A

g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)? [\[help\]](#)

N/A

h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any: [\[help\]](#)

N/A

2. Air

- a. What types of emissions to the air would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known. [\[help\]](#)

monoxide from boiler vent Water Vapor from Steam Kettle / Carbon

b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe. [\[help\]](#)

No

c. Proposed measures to reduce or control emissions or other impacts to air, if any: [\[help\]](#)

~~Not necessary~~ Proper Venting Through roof into atmosphere

3. Water

a. Surface Water: [\[help\]](#)

1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into. [\[help\]](#)

No

- 2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans. [\[help\]](#)

No

- 3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material. [\[help\]](#)

N/A

- 4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known. [\[help\]](#)

N/A

- 5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan. [\[help\]](#)

N/A

- 6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge. [\[help\]](#)

No

b. Ground Water:

- 1) Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known. [\[help\]](#)

No

- 2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals. . . ; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve. [\[help\]](#)

N/A

c. Water runoff (including stormwater):

- 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe. [\[help\]](#)

N/A

- 2) Could waste materials enter ground or surface waters? If so, generally describe. [\[help\]](#)

No

- 3) Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.

No

d. Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts, if any:

N/A

4. Plants [\[help\]](#)

- a. Check the types of vegetation found on the site: [\[help\]](#)

☒ ~~N/A~~ deciduous tree: alder, maple, aspen, other
☒ evergreen tree: fir, cedar, pine, other
☒ shrubs
☒ grass
☒ pasture
☒ crop or grain
☒ Orchards, vineyards or other permanent crops.
☒ wet soil plants: cattail, buttercup, bullrush, skunk cabbage, other
☒ water plants: water lily, eelgrass, milfoil, other
☒ other types of vegetation

- b. What kind and amount of vegetation will be removed or altered? [\[help\]](#)

N/A

- c. List threatened and endangered species known to be on or near the site. [\[help\]](#)

N/A

- d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any: [\[help\]](#)

N/A

- e. List all noxious weeds and invasive species known to be on or near the site.

N/A

5. Animals

- a. List any birds and other animals which have been observed on or near the site or are known to be on or near the site. Examples include: [\[help\]](#)

birds: hawk, heron, eagle, songbirds, other:

mammals: deer, bear, elk, beaver, other:

fish: bass, salmon, trout, herring, shellfish, other _____

N/A

- b. List any threatened and endangered species known to be on or near the site. [\[help\]](#)

N/A

- c. Is the site part of a migration route? If so, explain. [\[help\]](#)

N/A

- d. Proposed measures to preserve or enhance wildlife, if any: [\[help\]](#)

N/A

- e. List any invasive animal species known to be on or near the site.

N/A

6. Energy and natural resources

- a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc. [\[help\]](#)

Electric/Natural Gas/Water for standard use and
Manufacturing

- b. Would your project affect the potential use of solar energy by adjacent properties?
If so, generally describe. [\[help\]](#)

N/A

- c. What kinds of energy conservation features are included in the plans of this proposal?
List other proposed measures to reduce or control energy impacts, if any: [\[help\]](#)

N/A

7. Environmental health

- a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal?
If so, describe. [\[help\]](#)

- 1) Describe any known or possible contamination at the site from present or past uses.

None

- 2) Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.

None

- 3) Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project. Sodium Hydroxide, acetic acid "Sanitizer" Cleaners and Sanitizers

- 4) Describe special emergency services that might be required.

None

- 5) Proposed measures to reduce or control environmental health hazards, if any:

Secondary Containment, eyewash station, MSDS documents and training
emergency shower

b. Noise

- 1) What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)? [\[help\]](#)

None

- 2) What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site. [\[help\]](#)

None

- 3) Proposed measures to reduce or control noise impacts, if any: [\[help\]](#)

N/A

8. Land and shoreline use

- a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe. [\[help\]](#)

Detail Shop, automotive repair, waste control. Effect on neighbors: additional traffic impact

- b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use? [\[help\]](#)

No

1) Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how:

No

c. Describe any structures on the site. [\[help\]](#)

24,500 Sqft Steel Building

d. Will any structures be demolished? If so, what? [\[help\]](#)

No

e. What is the current zoning classification of the site? [\[help\]](#)

L/I

f. What is the current comprehensive plan designation of the site? [\[help\]](#)

g. If applicable, what is the current shoreline master program designation of the site? [\[help\]](#)

N/A

h. Has any part of the site been classified as a critical area by the city or county? If so, specify. [\[help\]](#)

No

i. Approximately how many people would reside or work in the completed project? [\[help\]](#)

10

j. Approximately how many people would the completed project displace? [\[help\]](#)

0

k. Proposed measures to avoid or reduce displacement impacts, if any: [\[help\]](#)

N/A

l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any: [\[help\]](#)

N/A

m. Proposed measures to ensure the proposal is compatible with nearby agricultural and forest lands of long-term commercial significance, if any:

N/A

9. Housing

a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing. [\[help\]](#)

N/A

b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing. [\[help\]](#)

N/A

c. Proposed measures to reduce or control housing impacts, if any: [\[help\]](#)

N/A

10. Aesthetics

a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed? [\[help\]](#)

N/A

b. What views in the immediate vicinity would be altered or obstructed? [\[help\]](#)

N/A

c. Proposed measures to reduce or control aesthetic impacts, if any: [\[help\]](#)

N/A

11. Light and glare

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur? [\[help\]](#) N/A
- b. Could light or glare from the finished project be a safety hazard or interfere with views? [\[help\]](#) N/A
- c. What existing off-site sources of light or glare may affect your proposal? [\[help\]](#) N/A
- d. Proposed measures to reduce or control light and glare impacts, if any: [\[help\]](#) N/A

12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity? [\[help\]](#)
7th Ave Soccer fields
- b. Would the proposed project displace any existing recreational uses? If so, describe. [\[help\]](#)
No
- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any: [\[help\]](#)
No impact

13. Historic and cultural preservation

- a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers located on or near the site? If so, specifically describe. [\[help\]](#)
N/A
- b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources. [\[help\]](#)
N/A
- c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc. [\[help\]](#)
N/A
- d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required. N/A

14. Transportation

- a. Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any. [\[help\]](#)
3rd Ave Longview WA
50' radius Entry/Exit

b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop? [\[help\]](#)

No

c. How many additional parking spaces would the completed project or non-project proposal have? How many would the project or proposal eliminate? [\[help\]](#)

52

d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private). [\[help\]](#)

No

e. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe. [\[help\]](#)

No

f. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and nonpassenger vehicles). What data or transportation models were used to make these estimates? [\[help\]](#)

Traffic Study Completed

g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.

No

h. Proposed measures to reduce or control transportation impacts, if any: [\[help\]](#)

Traffic Study Completed

15. Public services

a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? If so, generally describe. [\[help\]](#)

No

b. Proposed measures to reduce or control direct impacts on public services, if any. [\[help\]](#)

None

16. Utilities

a. Circle utilities currently available at the site: [\[help\]](#)

electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system,
other _____

Electricity, Natural Gas, Water, Sewer, Telephone

b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed. [\[help\]](#)

Electricity, Natural Gas, Water, Sewer, Telephone

C. Signature [\[HELP\]](#)

I declare under penalty of the perjury laws that the information I have provided on this form/application is true, correct and complete:

Signature: _____

Name of signee Brett Bates

Position and Agency/Organization Owner, White River Development LLC

Date Submitted: 12/1/2019

D. supplemental sheet for nonproject actions [\[help\]](#)

(IT IS NOT NECESSARY to use this sheet for project actions)

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

Zero

Proposed measures to avoid or reduce such increases are:

N/A

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

Would Not

Proposed measures to protect or conserve plants, animals, fish, or marine life are:

N/A

3. How would the proposal be likely to deplete energy or natural resources?

None

Proposed measures to protect or conserve energy and natural resources are:

N/A

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

None

Proposed measures to protect such resources or to avoid or reduce impacts are:

N/A

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

N/A

Proposed measures to avoid or reduce shoreline and land use impacts are:

N/A

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

Located In high traffic area currently

Proposed measures to reduce or respond to such demand(s) are:

N/A

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

None
