6. TREE BOARD COMMENTS

Kathleen Butler, homeowner at 2324 Lee Avenue to ask the city to consider the removal of the Maple Tree in front of her home. Ms. Butler is 80 years old and reports the tree is a hazard to her safety as well as a burden to maintain fallen debris. Additional concerns include the blockage of storm drains creating a "miniature lake" after only a day or two, the "helicopters" that fall from the tree are wet and unsafe, the extensive yard work is more than she can handle, as well as sidewalk damage and moss coverage. Included with the minutes are four letters from neighbors expressing the same concerns. Jennifer Wills will ask the Arborists to examine the tree and report back.

The potential location is at Archie Anderson Park and would include a 2400-2500 Sq Ft building, demolition of the "crowsnest" building currently unoccupied and a raised pedestrian overpass. The approximate cost of the project is \$600K, of which \$500K has been secured through a grant. The additional funds will be the responsibility of the Police Department.
