6. **OLD BUSINESS**

23-001271 Project Updates

Morgan Palmer shared information on Washington Way project. There is an open house meeting on Saturday, July 1st, at the Monticello coffee shop.

He reviewed the memo from the consultant regarding alternatives analysis recommendations. This will be added to the agenda packet following the meeting. There was a discussion on the necessity of the traffic signal at 20th Ave. He reviewed the 90% plans. The plan is to advertise in the fall with a project start date in 2024. Morgan shared that he just had a conversation with Chris Collins and Chris is hoping to get a Transportation Improvement District grant to resurface. Morgan asked the group to revisit the one or two sided bike lane options, as the current preferred concept would involve changing a traffic signal and funding that we don't have for this project. The board agreed that the two-sided option would

be more consistent throughout town. Morgan is leaning towards pushing these bike lane projects to be completed after Washington Way.

9. **BOARD MEMBER COMMENTS**

Ruth inquired about getting the bike racks down to the Go 4th event. Clark agreed that he spoke to the organizer last year and they were agreeable to it. For 2024, there is a desire to find a service group to assist. Morgan will contact LPD to see if we can place the racks near the police booth area near the bathrooms for 2023.

Mayor's bike ride is being planned for Monday, July 10th, starts at the gazebo in Civic Center at 6 pm. A route is being planned to tour the murals downtown.

Ruth shared that Pat Keating, a guest today, has been recommended as a board appointment. This will go to Council for appointment at the July 11th Council meeting.
