24-00585 PROJECT UPDATES

Morgan discussed the spreadsheet of the project timelines. This week they will start paving on Washington Way. There is a 3-week waiting period between paving and permanent striping. It was suggested to reach out to the schools and possibly have fliers for the events before schools start for the year. Possibly we can plan a mayor's ride to officially open them up. 46th Ave is not on the list, but it is done.

9. BOARD MEMBER COMMENTS

One topic of discussion was the large areas of just concrete. It was brought up to see if there was any way to promote making those green space or add something to beautify the area. It was suggested that it might be possible to artfully paint them. There was a request to get follow up on the Rails to Trails for the next meeting.
