24-00662 **PROJECT UPDATES**

Morgan shared an update and some photos of the striping project on 30th and Beech St. There was a discussion about the look and the number of riders we've seen riding. Green paint isn't a part of this project, but it was encouraged by the board. He provided updates on Washington Way; Olympia Way & Nichols Blvd; and Hudson & 30th.

Discussion included that it is exciting to see the changes happening and seeing them come together,

connecting the community. We will learn from these and hopefully continue. Kudos were given to 46th project.

Sam provided updates on the RRFB project and the Downtown core upgrades.

Hudson & 12th was recently being worked on, and it was on 4 way flash. There was an inquiry if this could be a permanent change.

24-00672 RAILS TO TRAILS FOLLOW UP

The project is currently hung up by Patriot Rail, and it's currently at a stalemate. No recent movement. There is a desire to see if we can reach out to Patriot Rail locally to see if we can get word of community support back to Headquarters. George Hudson has experience with this type of project and offered to assist with a contact that he knows.
