8. **REPORTS**

24-00947 **Project Updates**

- **Columbia Heights proposed reduced cross section**

Morgan provided the following Updates:

Regarding the Columbia Heights project, there will be guardrails on some sections and the planned

sidewalk will now be four feet wide due to the required retaining walls. Planning to construct in 2026.

Regarding the Olympia Way project, the contractor is having difficulty procuring striping materials. The work will be suspended so the contractor has more time.

Regarding the 22nd Ave project, the contractor is having trouble getting the flasher equipment and the project is delayed.

Regarding the Nichols Blvd project, the contractor is also having difficulty procuring striping materials. Would like the parking area striped before winter. However, not all areas of the project may be completed by then.

9. BOARD MEMBER COMMENTS

Ivy Masters was featured in a TDN broadcast on the CSAC projects.

The feedback on the bike lanes from the Longview Perspectives Survey was discussed.

The Committee considered if reviewing traffic accident reports could help with public safety.

Education regarding sharing the road with cyclists and navigating bike lanes for Washington drivers was discussed.

The impact of the Washington Way project was discussed.

Morgan inquired if the Committee would like to skip the November and December Committee meetings due to the holidays. The Committee decided to cancel November and December meetings unanimously.

Selecting December 17th at 10 am for the Santa Run was discussed.

Morgan asked the Committee to think about topics and problem areas that the Committee would like to work on for the next meeting.
