26-00626 **HISTORIC REGISTER INVENTORY**

Nick Little shared the process that he's using to determine which properties should be on the list as that property has completed the formal procedure. Then he will be confident in the list he presents to the group. He is creating a centralized file structure within our Historic Registry file for each individual property. There is a desire to come up with some sort of recognition plaque or such for each property.

26-00627 **ESTABLISHING REVIEW PARAMETERS**

Nick Little shared that he has pulled two other jurisdictions processes from Spokane and Clark County to use as a template to base our formalize process on going forward.

The board seeks consistency and concurrence that he is on the right path with his tiered approach.
